

plan S=1: 400

It arranged selected material on the site.

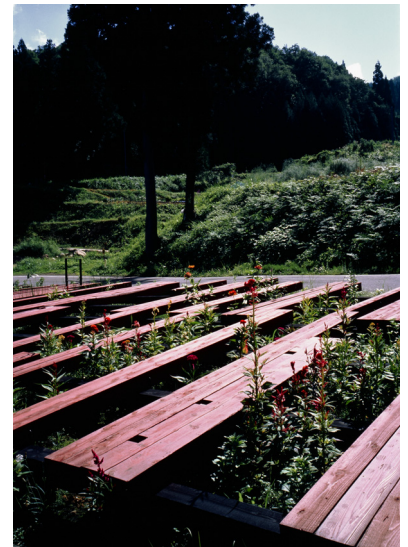

Length and thickness are not same. It was adjusted by plane the beam of the tree of a basement.

A certain gap is the place in which local residents' people plant a flowers and grasses in some places.

life again

coexistence

A local flowers grows wild and grows thick. It is the place which locals manage now and is exchanged. Each brings a flower also from the yard of a house and it is planting.

before

now

It became a public park.
The cars along which it passes are only people of local agricultural work. It is safe and can relax.
